Hi Susan and Claudia... thanks for your feedback on the template. I have made the changes you suggested and answered the questions you had for IDA and IDPH.

Please let me know if you need anything else or have any questions regarding the data.

I would also like to note that when asked for **# of Samples** for the lab, I have only reported the total number submitted to the lab, but it might be a good idea to ask for the number of requested analytes... as that number would be much higher each year. For example... the IDA lab took in 72 samples but processed them for 176 analytes.

Thank you and have a nice week!
